

Groversville Enlarged School District

Student Directory “Opt-Out” Form *Including use of photos for marketing purposes*

The federal Family Educational Rights and Privacy Act (FERPA) allows schools to disclose, without parental/guardian consent, certain “directory information” such as a student’s name, address, telephone number, date and place of birth, participation in athletics, honors and awards, photograph and dates of attendance, unless parents have advised the district to the contrary.

The primary purpose of the directory information is to allow Groversville to include this type of information in school publications (district and school newsletters, calendar and other publications and the district website, Groversville App, and social media outlets including Groversville Facebook) and for publicity of student accomplishments or specific educational programs to the electronic (television) and print (newspaper) media.

In practice, Groversville has historically released a student’s name, grade, honor, awards and photographs in publications and to the media. Other directory information is not routinely released. A similar procedure regarding the release of information on the school district website is in place.

Parents/Guardians **NOT WISHING** information about their child to be used in either district publications, release to the media or on the district web site please complete the form below and submit it to the main office in school in which your child attends. Please include all children you may have enrolled in the District on one form. You may submit the form to any school main office or the District Registrar.

FERPA Form

Please **DO NOT** use or release images or directory information of my child(ren) in any school publications or release them to any third party. This is valid for the 2019-2020 school year.

Parent/Guardian Signature _____

Date _____

Student Name (print)	Grade	Bldg.	Teacher Name (elementary)

Please return this form to any school main office or to the District Registrar
